

Differentiated refuse collection

Use it first --- then recycle it

This short, simple guide tells you how our new service for differentiated refuse collection works, and what is new about it:

- We will provide you with the right containers or bags for each type of refuse.
- For non recyclable refuse (non-differentiated) we will provide you with a container with its own electronic system that can measure the amount of refuse you produce, making it possible for us, very soon, to calculate the right charge for you to pay;
- The road-side bins will be removed from the municipality.

How does the service work?

Every household will be provided with a free kit of containers (bins and/or bags).

Users will be responsible for cleaning their own containers.

The refuse must be correctly packed using all the room in an individual container. The weight of any bag must not exceed 15 kg.

Users must themselves place the containers on the street, being careful not to impede pedestrians or road traffic.

Users must themselves put the containers to be emptied in place at 6.00am on the collection day.

If the container is put out and is found not to comply with the instructions, it will not be emptied and a special notice will be attached to it.

Collection times and days

Refuse must be put out for collection according to the following weekly timetable:

Always expose by 6 am

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
ORGANIC (organic urban waste content)	PAPER GLASS PLASTIC PACKAGING GARDEN WASTE (March to December 2009)		ORGANIC (organic urban waste content) NON- DIFFERENTIATED DRY REFUSE (solid urban waste)		

If the collection day coincides with one of the public holidays that occur on a weekday, the refuse will not be collected, this will be done on the next scheduled day for the type of waste.

RECYCLING CENTRE:

In addition to the doorstep service, the municipal recycling centre in Via Cà del Diaol will be available, a properly equipped, fenced off and supervised area for the disposal of differentiated refuse.

Opening hours:

- Monday from 14.30 to 17.30
- Tuesday from 14.30 to 17.30
- Wednesday from 14.30 to 17.30
- Thursday from 14.30 to 17.30
- Friday from 14.30 to 17.30
- Saturday from 9.00 to 12.00 and from 14.00 to 18.00

The Municipality of Cazzago San Martino and Cogeme Gestioni have made a major investment in resources for this ambitious project and we are always on hand to provide any information you need or to answer your questions, either on the special free-phone number 800 721 314, or on our website www.cogeme.net.

Thanks – now it's up to you!

Refuse	Container	What can I put in it?	What can't I put in it?
